

The President's Council, since its inception, reflects an unparalleled commitment from Stonehill alumni, parents and friends to the future of the College. President's Council gifts are the foundation of voluntary support and provide a reliable source of funding for some of the most critical needs: scholarships, new educational initiatives and outstanding facilities. The commitment to give at new levels is an appropriate and meaningful expression of gratitude for an excellent undergraduate education as well as a belief in the College's strength, vitality and potential.
